The screenshot shows a Windows File Explorer window titled 'Средства работы с приложениями' (Application Tools) with the address bar set to 'Локальный диск (C:) > Lantek > System > Key'. The window displays a list of files and folders. An error dialog box is open over the file list, with the following text:

Сбой при запуске службы Windows

Невозможно запустить службу из командной строки или из отладчика. Сначала требуется установить службу Windows (с помощью installutil.exe), а затем ее следует запустить, используя программу ServerExplorer, средство администрирования служб Windows или команду .NET START.
